Chairperson(s)	Alexander Schwank (interim)

Purpose

As ASWF community we want to raise awareness for the topic of accessibility, build a community and work together to make our projects, tools, workflows and data more accessible.

Goals

- educate and raise awareness by
 - collect research and case studies
 - showcase existing solutions across domains (CC, braille in museums, flashing light mitigation, etc.)
 - point out opportunities within ASWF projects (metadata in USD, CC/subtitling in OTIO, ...)
- build diverse and welcoming accessibility community
- propose accessibility improvements to ASWF projects
